

MUHAMMAD SOHAIL

Software Engineer | Full Stack Web Developer

Islamabad, Pakistan | +92 347 0563454 | msohailabdullah22@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Full Stack Web Developer and Software Engineering undergraduate with hands-on experience building web applications using React.js, JavaScript, PHP, and Laravel, supported by practical training from NUTECH University. Skilled in developing responsive front-end interfaces, RESTful applications, database-driven systems, and full-stack solutions using HTML, CSS, Bootstrap, Tailwind CSS, MySQL, and JavaScript. Developed academic and personal projects including a Laravel Quiz Management System, AI-Based Examination Monitoring System, Cricket Stats System, Java Library Management System, Digital Complaint Management System, and Flutter E-Store Application. Strong foundation in software development, object-oriented programming, database management, responsive web design, and problem-solving. Currently seeking an internship or entry-level Software/Full Stack Developer opportunity to apply technical skills, gain industry experience, and contribute to real-world software projects.

TECHNICAL SKILLS

Frontend: HTML5, CSS, JavaScript, React.js, Responsive UI development

Backend: PHP, Laravel, Full Stack Web Development, Authentication Systems, MVC Architecture

Programming/Databases: C, C#, Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), MySQL

Tools & Technologies: Git & GitHub, VS Code, XAMPP

AI & Computer Vision: Artificial Intelligence, Computer Vision, AI-Based Application Development

Software Engineering: Software Development, Database Systems, Modular UI Development, Role-Based Access Control, Problem Solving

Project EXPERIENCE

Quiz Management System — Full Stack Web Application

Laravel, PHP, MySQL, XAMPP

- Developed a full-stack web-based Quiz Management System using Laravel and MySQL.
- Implemented separate **Admin and User panels** with role-based access control.
- Developed features for quiz and question creation, updating, and management.
- Implemented user authentication including **Sign Up and Sign In** functionality.
- Built a user panel for quiz participation, skill assessment, and result visualization.
- Applied **MVC architecture** to maintain a structured and scalable application.

eSchool Management System — Full Stack Web Application

PHP, MySQL, XAMPP, HTML, CSS, JavaScript

- Developed a full-stack web-based School Management System using **HTML, CSS, JavaScript, PHP, and MySQL**.
- Implemented a two-panel architecture (**Admin & User**) with role-based access.
- Implemented student enrollment, attendance tracking, and result management modules.
- Designed a dynamic and responsive user interface using **HTML, CSS, and JavaScript**.
- Built server-side logic and database operations using **PHP and MySQL** for data management.

AI-Based Examination Monitoring System

Artificial Intelligence, Computer Vision

- Developed an AI-assisted monitoring system designed to detect mobile phone usage during examinations.

- Implemented camera-based device detection with automated image capture.
- Applied **Artificial Intelligence and Computer Vision** concepts to solve an examination monitoring problem.

React-Based Frontend Application

React.js, JavaScript, HTML5, CSS3

- Built reusable and modular UI components using React.js.
- Implemented component-based data handling using **props and state management**.
- Designed responsive user interfaces using modern CSS techniques.
- Focused on creating clean, user-friendly, and responsive frontend experiences.

CERTIFICATION

Full Stack Web Development (Laravel)

NUTECH Institute of Vocation and Technical Skills (NIVATS)

Islamabad, Pakistan

EDUCATION

Bachelor of Science in Software Engineering

COMSATS University Islamabad, Wah Campus

Expected 2028

Wah, Pakistan

FSc (ICS) — Intermediate

IMCB G-10/4 — Islamabad, Pakistan

2023

Pakistan

Matriculation

IMCB I-10/2 — Islamabad, Pakistan

2021

Pakistan
